

38th Annual Conant Artisan & Crafts Fair
Sunday, October 20, 2019

Criteria for Crafts

As many of you know, the craft market has been flooded with imports. However, it is important to us at Conant PTO to uphold the high standards and quality of our Fair. We believe that our patrons are looking for art, crafts and jewelry that are handmade and unique. Therefore, we carefully review each application to ensure that exhibitors meet the following criteria:

- **All crafters may only bring crafts that they handmade themselves.**
- **The artist must be at the Fair to talk to the patrons and elaborate on how their products are made.** Our patrons look forward to this info as part of their craft shopping experience.

We recognize that you spend hours on your craft and we do not want you to compete with non-handmade goods which do not fit the criteria listed above. We do appreciate the time spent and quality of your hand made products.

If you know of other crafters who make unique hand made products please encourage them to apply to the Fair.

Thank you for your continued support of Conant PTO. We look forward to seeing you this Fall.
